Students participate in **fun**, **educational**, and **interactive** remote assemblies that use music, humor, and audience participation to **engage** students in water science topics such as the **water cycle**, **water supply**, and **good water stewardship**.

✓ Includes hands-on activities that guide students to use art to reflect on their relationship with water

Assembly Topics :

- ◆ Aqueducts and Reservoirs
- ◆ How Water Gets to Our Taps
- ◆ States of Water: Solid, Liquid, Gas
- ◆ Reasons to Use Water Wisely

...and more!
